

Train the Trainer

Train expert knowledge professionally

Why this is a must

Next to your job as an expert in your field, you impart valuable knowledge in your training seminars, clearly and convincingly.

You win in both of your roles.

Who benefits

Every one who trains other employees in their area of expertise apart from their main job. Please note: during this training it is not possible to acquire a complete "Train-the-Trainer" qualification. We therefore concentrate on contents which will have an immediate positive training impact.

Training course contents

- Tips & tricks, as well as tools & methods for designing trainings to keep the participants' attention high
- Link content to benefit – how will participants profit from the training personally and professionally?
- Define learning objectives and check progress with varied review exercises
- The TRAINER-Struct® - get the participants' attention from the first critical minutes
- Visualization: provide insightful, attractive visuals for complex information and dry subjects
- Create suspense and ensure the best possible training transfer
- Optimize your personal impact (posture, movement, gestures, eye contact, ...)
- Media handling: work professionally with data projectors, flipchart, pinboard, ...
- Handle questions and disturbances professionally – stay in command during critical situations

Training methods

- 100% practical relevance guarantees maximum transfer of your content
- Work on participants´ own training topic – time invested in training is time saved in the working environment!
- Structured intensive training with "energizers"
- Input phases always followed by practical exercises
- Well balanced mix of individual, group and work in plenum
- Dozens of practical tips from the repertoire of the HPS trainer team
- Intensive practice and feedback by our trainer team: up to 9 video recordings per participant
- Stress-free and time-saving analysis thanks to extra video station (personal SD card documents progress)
- Constructive and relevant multi-component feedback
- Entertraining®: learning can be fun – enjoy and focus on participants' progress
- Participants need to bring their own notebook to the training
